Testimonial for Fullsun Marketing Pte Ltd

I know Fullsun Marketing Pte Ltd through the Man Fut Tong Nursing Home Building Project in Year 1999-2001 and till now.

I was impressed by the knowledge they have for their products. They were very familiar with providing suitable and user-friendly sanitary products for the elderly sick residents at the nursing home. Thus their advices saved us a lot time required to research on what products suitable for the elderly.

This project was done 16 years ago. To-date their dedicated technicians still come in and render help whenever we have any problems with sanitary products. They are always reachable and friendly. Hence all problems are solved efficiently and timely. We appreciate very much for their extra services.

We hoped we can have more collaboration in the future. Our team would like to thank Fullsun Marketing Pte Ltd for the kind and efficient assistance given to us during the planning of the projects in the past and future.

Thank you.

Yours Sincerely,

Madam Alice Chiew
Facility Management Manager,
Man Fut Tong Nursing Home
